Town Council

At a meeting of the Town Trustees Monday evening Trustee Hynding said that all streets must be in improved condition and the work shall be done under the 1901 act or by special tax. The money received from the sale of the street bonds is exhausted and it was all spent on three or four of the principal streets and the street sand their sidewalks and alleys will be put in good condition and paid for by the property owners.

A number of speeches were made by citizens present and different views were expressed, but full consideration of the matter was postponed until the next regular meeting of the board, when it is desired that all property holders who are interested shall be present and express their views.

City Attorney Kincaid was directed to prepare an ordinance for presentation at the next meeting which will prevent the digging of claims in the creek within the limits of the town. A provision also to be inserted, that would stop the sale of these claims which had been dug within the city boundaries. Trustee Hynding took the initiative in this matter also, stating that the cause of at least two deaths which have lately occurred, are directly traced to the use of claims which were diseased.

H. McCarvey was allowed to change the line of water pipe being laid along the front of Wellesley Park. The Southern Pacific Company having purchased the lots in the park which front on the county road.

A set of resolutions, accompanied by a map of the Finger tract, was presented by Dr. J. L. Ross, and adopted by the board.

The S. H. Frank Co. having requested it, were granted the privilege of testing the unused pump at the water works. They to purchase the same if it could perform the work required.

The street superintendent was directed to set the grade on Seventh street so that Arnold Hess could curb and fence his property.

The matter of better fire protection for the district around Second and C. street was referred to the Water Committee.

The street superintendent was directed to make arrangements for the sprinkling of streets before sweeping them.

The petition of the United Gas and Electric Company to lay pipe along E street to the county limits was granted.

The bill from the U. S. Coast and Iron pipe Foundry for \$35.87 was ordered paid.

The treasurer reported \$3030.64 in the general fund and the following bills were ordered paid:

The Fourth of July committee of 1906, immediately after the calamitous 18th of April, adjourned to meet early in this year. Such meeting has been held and the committee feel that they might incur criticism if they should attempt to arrange for a celebration for this year. We therefore decline to proceed in the matter further than to call a meeting of the citizens to meet at the Town Hall on Wednesday evening Feb. 27, at 8 o'clock P. M. to take such action as to them may seem fit and proper.

This action is taken under the belief that timely notice should be given so that other towns may feel at liberty to arrange for celebrating the National Holiday, if our citizens do not care to do so.

Geo. W. Lovie, Chairman; F. H. Thorpe, Secretary, Committee of 1906.

The State prison directors have fixed the price of San Quentin bags for this year at 7 3/4 cents, which is about one cent under the price in the market for other grain bags. Those farmers who take time by the forelock and get their orders in now will benefit thereby on the basis of current quotations. Under the law, no one buyer can take the entire output of the prison, and each is limited to a moderate amount, the object being to prevent any concern from cornering the product.

The McCartney bill extending the hours for the closing of the polls on election day from 5 to 6 o'clock passed the assembly Monday by a vote of 44 to 2, and it now goes to the governor.

Kent Marshall was arrested in San Francisco Sunday on suspicion of being one of the men who robbed Joseph Neiderhouzer of \$400 in a Colma saloon on January 14th last. Neiderhouzer identified Marshall. Jack Shea was arrested for the same crime, but was discharged by Justice Carson, sitting for Justice Hanmon, at the preliminary examination.

ALMANACH DE GOTH.

History of This Old World Fa-

mous Institution.

The Almanach de Gotha is more than an almanac. It is an institution. Carefully arranged in red and gold, it lies on the table of every diplomatist, is in constant request in the newspaper offices of all countries and makes a wider and more international appeal than any other annual of reference in the world.

It is to Europe what Burke and De Bore and the other peers are to the British Isles, and it is also the lineal ancestor and model of such topical encyclopedias as our Whittaker, our Hazell and our Statesman's Yearbook.

A political and social history of the world for the last 150 years could be written from its back numbers if these were readily accessible to students. But they are not. The Almanach de Gotha began to appear in 1703, but the purchasers did not file it for reference. The earliest numbers in the British museum are those for 1774 and 1783, and a complete set can be consulted nowhere except in the editorial office in Friedrich's Allee in the little Thuringian capital. Probably no one in ten thousand of those who currently use the almanac has any knowledge of its interesting history.

It had of course its predecessors. The bibliographies of almanacs are ponderous tomes, and the middle of the eighteenth century was the golden age of this kind of literature. In Paris alone as many as seventy-three almanacs were published in the year 1790. Including a royal almanac, an almanac for merchants, an almanac for Freemasons, an almanac of beasts, an almanac of badinage, etc. The city of Gotha itself had its own almanac from a still earlier date in the shape of an "improved Gotha genealogical and writing calendar." The origin of which is lost in the mist of antiquity, though a copy dated 1740 survives.—Francis Gribble in Scribner's.

"Mothers and nurses have devised and invented many ways of procuring obedience and correct behavior from their little charges," said a park policeman. "The familiar 'bogey man' is still employed, but the times change and the people with them. The last time day, when the park was filled with mothers and nurses, I heard a new way of appealing to the love or fear of a child. A stylishly dressed young man leading an irrepressible youngster after making all sorts of threats and promises without effect, said, 'Child, you give me wrinkles under my eyes!'"—New York Press.

SHORT LOCAL SUGGESTIONS

NEWS GATHERED IN REDWOOD CITY

John Burns and W. J. Gooby were sentenced to serve thirty days each in the county jail last Wednesday by Judge Hannon. They were arrested at South San Francisco by Detective Kelly for having a quantity of canned goods in their possession supposed to have been stolen from the freight cars at that place. Since the slot machines were turned to the wall, George Weigman has been kept busy night and day filling orders for the Golden Gate and Oakwood cigars—the best smoke in town. The nickels that were put in the machines are now turned into the covers of Mr. Weigman for these delicious cigars. It is a ill wind that blows nobody good.

Fred Hunt, an inmate of the San Bruno Park school building, was committed Saturday by Judge Buck to the home asylum at Napa.

Left a bar between West and Main streets, Friday night, after being leaving since at this time.

Mr. and Mrs. J. J. Moore have returned to their home at Redwood City, Los Angeles, where Mr. Moore was badly injured at the auto races. It was necessary to bring Mr. Moore north in the care of a physician, and he is still confined to his bed. Fortunately, however, the injury to his head is not so serious as was at first thought, and he is well on the way to recovery.

The San Bruno Park school building was dedicated yesterday afternoon. The principal speaker was W. J. Martin of South San Francisco. Superintendent of Schools Roy W. Cloud also delivered an oration. The residents of the park erected the building at a cost of \$3,600, having raised that sum by public subscriptions.

Arthur Dahlgren is here on a visit to his father. He is recovering from an attack of pneumonia. For the past six weeks he has been confined to St. Luke's hospital in San Francisco.

The Ladies' Euchre Club met at the home of E. B. Fox, Thursday night. A most enjoyable evening was spent.

A daughter was born to Mr. and Mrs. Horace Hanley of Berkeley on February 17th. Mr. Hanley learned his trade as plasterer with T. C. Rice of this city and his numerous friends congratulate him.

Mr. and Mrs. John Shaw have departed for their home in Washington. They have been on a visit to the latter's mother, Mrs. Teague, and had intended to remain here until June, but having received intelligence of the serious illness of their youngest daughter they decided to hasten north.

K. H. List, secretary of the Redwood City Lumber Company, this week parceled a lot in the Gray tract owned by the Pulgas Land Company. There is a great and growing demand for lots in this tract owing to the fact that the Peninsula Railroad Company is shortly to construct an electric railroad near the property.

Slot machines out of commission

The officers turn to the wall

On Thursday the officers turned all the slot machines to the wall. Later the Sheriff sent out the following notice:

To whom it may concern: This notice having been notified that by a recent decision slot machines have been declared gambling devices, within the meaning of Section 330 of the Penal Code of this state, and the running or playing thereof punishable as a misdemeanor, you are therefore notified to immediately discontinue their further use. This does not apply to such machines or devices as are played for cigars or any other class of merchandise.

You are hereby notified that by a recent decision slot machines have been declared gambling devices within the meaning of section 330 Penal Code of this State, and the running or playing thereof punishable as a misdemeanor.

You will therefore immediately notify all persons having such machines to discontinue their use.

This does not apply to such machines or devices as are played for cigars or other class of merchandise.

When the attached slip you will please acknowledge receipt of this notice.

While we give full credit to the officers in doing their duty yet it must not be forgotten that the law prohibiting slot machines in the slot machine has been on the statute books for years but never enforced by former officers. We think behind the whole agitation there is some sinister motive, some spirit of revenge a manifestation to go even.

Death of Mrs. Swift

Mary P. Swift, wife of William F. Swift, died at her home in San Francisco Monday morning. Although she had been a sufferer for several months her death was not expected and her passing away came as a shock to her many friends in this city and vicinity.

The deceased was a member of Bonita parlor of Native Daughters and a delegation from that organization was present and placed among the fragrant tokens that covered her grave a beautiful floral offering expressive of the esteem in which she was held by her fellow members.

C. E. Dugan of the United Contracting and Realty Company presented a map of the Nash tract of 26 acres adjoining St. Patrick's Seminary at Menlo Park. Said map was filed on motion of MacBain seconded by Debenedetti. The following resolution adopting the streets delineated on the map to public use was adopted.

Whereas, United Contracting and Realty Company are the owners of a certain tract of land known as the "Nash Tract," which land is situated near Menlo Park, in the county of San Mateo, and

Whereas, The said United Contracting and Realty Company have caused the said tract to be laid out and subdivided into lots for the purpose of sale and have caused to be made an accurate map of plat thereof, of particularly setting forth and describing all the ground within such subdivision reserved for public purposes, by their boundaries, courses and extent; and also lots intended for sale by figures and their precise length, width and dimensions, said map being designated as "Map of Nash Tract" in the county of San Mateo, and

Whereas, the said United Contracting and Realty Company did duly acknowledge the said map before James T. O'Keefe, a notary public in the city of Redwood, county of San Mateo, state of California, upon the eighteenth day of February, 1907, and the said notary did on said day duly affix thereto his certificate of such acknowledgement in due form of law, and

Whereas, the said map or plat is now presented to this board for acceptance; now, therefore, be it

Resolved, That Gilbert avenue, Nash avenue, Santa Monica avenue and Santa Margarita avenue, as delineated and designated on said map, be, and the same are hereby accepted on behalf of the public by the board of supervisors of the county of San Mateo, state of California, as dedicated to public use in accordance with the law in such cases made and provided; and the clerk of this board is directed to endorse acceptance on said map as follows, to-wit:

Resolved, That this resolution be adopted and said map accepted upon and subject to the express condition that the county of San Mateo does not hereby become responsible or liable for any expenses, cost or charge as to such Gilbert avenue, Nash avenue, Santa Monica avenue and Santa Margarita avenue, or any part thereof, either for grading, macadamizing, or for any road purposes.

This condition, and the incurring of any expenses, cost or charge left to the discretion of future boards of supervisors, no one of said board of supervisors, nor any member thereof, nor said county of San Mateo, shall ever be liable to damages in any sum or amount arising by or through any defect of any kind in said streets and avenues.

Superintendent of Schools Cloud presented a petition signed by thirty residents of San Bruno Park asking that a new school district be formed from the Millbrae and San Bruno Districts and to be known as the San Bruno Park School District. The petitioners agree to bear the expense that might be incurred. It was thought that the petition was a little late it should have been presented at the last meeting. However, F. H. Thorpe, who represented the petitioners assured the Board that it was ready at the last meeting but could not be taken up at that time. On motion of Elkerenkötter seconded by MacBain further hearing was continued until the next meeting.

San Francisco, February 7, 1907. Board of Supervisors, care County Clerk, San Mateo County, Redwood City, Cal.—Gentlemen: (Re removal of fences on county road leading from San Francisco to San Jose—and fronting on tract of G. J. Rizzo, near Eleven Mile House.)

In this matter, upon request of Spring Valley Water Co., accompanied by a map prepared by them, on October 1, 1906, your board ordered your county surveyor to look into the matter. This he failed to do, for he accepted the Spring Valley map without due investigation.

On October 8, 1906, your County Surveyor Gilbert presented to the board the Spring Valley map.

This map we have found, by independent survey, to be incorrect, and we find that Supervisor Elkerenkötter removed the fences much farther back on the land of G. Rizzo than he should have removed them; in fact, our survey shows that instead of placing the fences back on the supposed eastern road line he set them back about twenty-eight feet on one corner of the Rizzo tract and seventeen feet on the other corner farther than the purported eastern road line of said county road demanded.

On October 8, 1906, your board passed Ordinance No. 210 purporting to establish the center line of said road and establishing its width as thirty-three feet on each side of the center line.

I visited your city a few days ago in this matter, but was unable to acquire the necessary information as to the former width of this road.

Therefore, I would ask your county clerk to send me a record of this road—which record he must keep under Section 2622 of the Political Code.

Your board can readily see that unless your record shows that sixty-six feet was the original width of this road when laid out, you cannot now run back the fences to make a road sixty-six feet in width, unless there has been a dedication or else condemnation by suit.
